Dear Nonvikan Karl-augustt,

Thank you for being part of the World Bank Group Youth Summit 2026!

We sincerely appreciate your participation in this year's Youth Summit, **FutureWorks: Designing Jobs for the Digital Age**. This edition was truly remarkable—marked by insightful dialogue, meaningful connections, and passionate youth from around the world, all dedicated to driving youth-led innovation for a more sustainable future. With over 250 delegates attending in person and nearly 10,000 joining virtually, the Summit showcased a truly global commitment to change. Together, we explored critical issues in **Jobs, Education and Skills,** and **Entrepreneurship and Access to Finance.** Your contributions were invaluable in advancing our shared goal of harnessing technology and creativity for global progress.
